Senate Filibuster Resumed.
WASHINGTON, May 22.—The senate filibuster, as fresh as when it was started, resumed attacks on the rivers and harbors bill today. The claim is that at least half of the forty two million dollars appropriation is inexcusable extravagance. Party lines cut no figure in this filibuster.

ECHO SCHOOLS END WORK AFTER A MOST SUCCESSFUL SEASON

FOUR YOUNG LADIES COMPRISED
GRADUATING CLASS OF
HIGH SCHOOL.

Each Will Continue Her Studies at College; Miss Gulliford Receives Scholarship at Reed College; Commencement Address Delivered by Dr. Warner.

(East Oregonian Special.)
ECHO, Ore., May 22.—The Echo public school closed here last Friday after a year's faithful work by both teachers and pupils. There was a class of four young ladies graduated from the high school. They were the Misses Bessie Andrews, Esther Scholl, Clephene and Daphne Gulliford. All these young ladies expect to continue their education. Miss Andrews chose the University of Oregon at Eugene. Miss Scholl will specialize in music, while the Misses Gulliford will attend Reed college in Portland. On account of them choosing the latter, Prof. Green bestowed a free scholarship which had been presented by the Reed college to the Echo school, on Miss Clephene Gulliford.

The graduating exercises were held at the M. E. church on Friday night. They were well attended. Dr. Andrew Warner of Walla Walla, delivered the commencement address. Prof. W. W. Green the same evening announced that by actual record Hugh Rhea had the highest average in his studies during the school year.

The student body composed of the high school pupils voted by ballot and decided that Miss Bessie Andrews was the best debater and Miss Eleanor Spilke the best all-around student. Clifford Esselstyn has the honor of being the best all-around athlete at the interscholastic meet. He had 26 points to his favor.

On Thursday evening the senior class gave their class exercises at the high school auditorium. It was all original with the young ladies. They gave the class prophecy, history, poem and a song. The program was short but very interesting throughout.

Prof. W. W. Green, superintendent and principal of the Echo school, who will continue his work here, has been very successful the past year in the management of the school. After a short rest he expects to leave for Eugene, Ore., accompanied by his wife, where he will attend the summer school. Assistant Principal Mrs. E. W. Hammon and Mr. Hammon, teacher of the seventh and eighth grades left on Saturday for their farm near Alta where they will remain two weeks. They will then go to Portland to attend the Rose Festival and on to Corvallis where Mr. Hammon will take agricultural work and manual training at O. A. C. while Mrs. Hammon will specialize on home economics and domestic art and science. They will take a six weeks course. They teach here again next fall.

J. S. Danforth who taught the sixth and fifth grades will remain in Echo during the summer and this fall go to Tualum, Ore., where he has been elected to take the principalship of the public school.

Miss Beulah E. Barker, teacher of the third and fourth grades left Sunday morning for Roseburg, Ore., as a delegate to the Rebekah assembly. On her return home she will stop at Salem to take a teachers course. She will then receive a life certificate. Miss Barker is elected to teach here the coming year.

Mrs. W. B. Hinkle of the primary department who also was present, will remain in Echo for the present and later take her vacation.

Echo is again having the streets oiled. A tang car of oil came in last week from Portland. The streets here were oiled a year ago and found to be such a benefit in laying the dust that the city is again repeating the process.

The Echo base ball team won from the Pilot Rock team here Sunday by a score of 9 to 3.

Mrs. Carl Gilbert is visiting with friends in Couer d'Alene, Idaho. Mrs. Angnes Wigle is spending a two weeks vacation in Portland with her parents Mr. and Mrs. W. H. Boyd.

James and Albert Botker accompanied by their sisters the Misses Hulda and Clara Botker, left here Saturday by auto for a visit at Spokane, Wash. and Hayden Lake, Idaho.

Send three dimes (or stamps) for mailing charges to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive a copy of the "Common Sense Medical Adviser," all charges prepaid.

Parents Should Know this Splendid Remedy

SIMPLE LAXATIVE COMPOUND HELPS TO CORRECT CONSTIPATION IN CHILDREN
With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity.

It is important that parents should know of dependable remedy with no unpleasant after effects, griping or

strain. Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and can be procured at any drug store. To obtain a trial bottle, free of charge, write to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.
